Like what you hear? Tweet it using:  
#Sec360

Identify and Prioritize the key business and IT capabilities that deliver competitive advantage

Help practitioners avoid bogging down in cycles of busy work that don't add value

Drive innovation

Ground Rules

Purpose

Don't forget to  
discuss the  
themes!

Talent

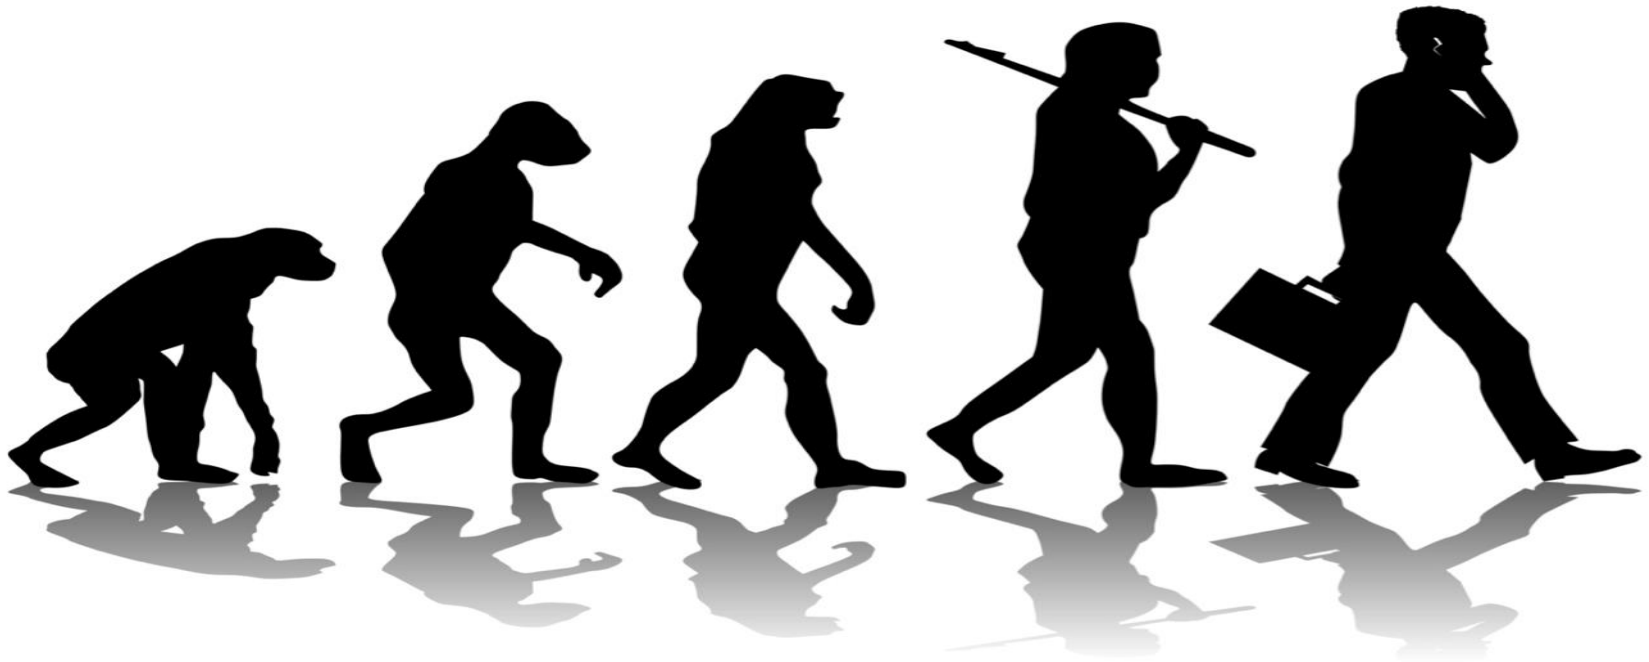

Alignment

Strategy

Value

Mission, Vision, Goals...

**PURPOSE**

THE INDUSTRY IS EVOLVING

Defining your roadmap...

# STRATEGY

A pencil with a grey eraser and a yellow tip lies horizontally across the top of the slide. Below it, a string of diamond-shaped markers is strung across the surface. The background features the text 'BEYOND COMPLIANCE' in a large, light grey font, with 'BEYOND' in yellow and 'COMPLIANCE' in grey.

- Move beyond compliance

- Redefine assessment

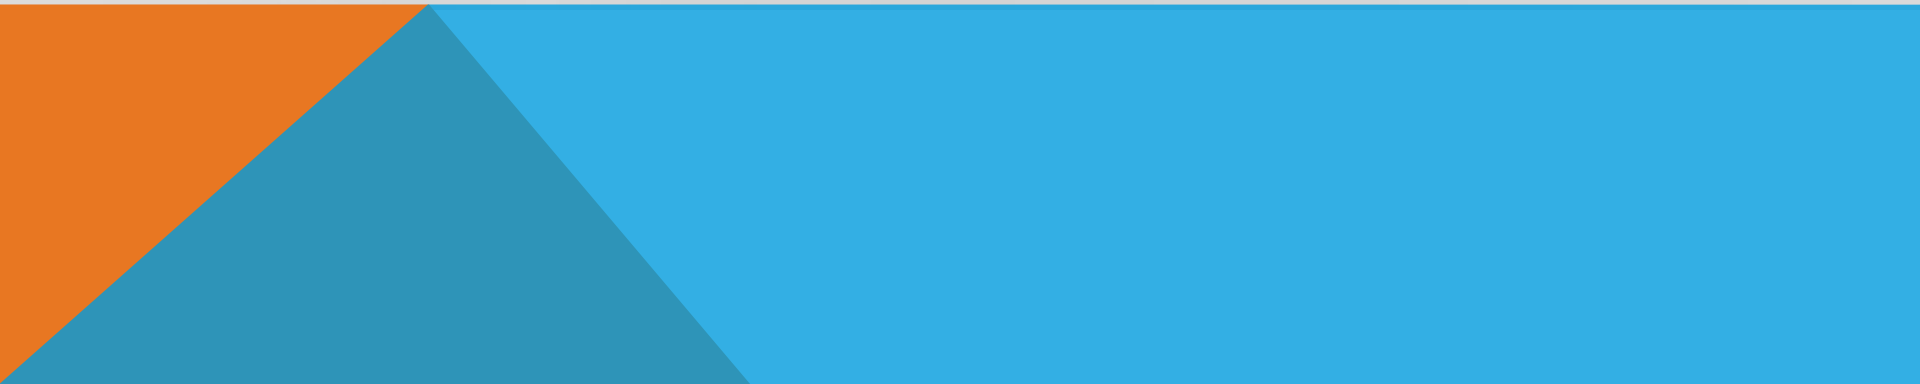

- Use data to tell the story

- Connect dots

- Spaghetti dilemma

A decorative footer consisting of a solid blue rectangle on the right and a large orange triangle on the left that overlaps the blue area.

- Simplify approach
- Don't try and reinvent the wheel
- Efficiency and effectiveness
- Hone capabilities

Calibrating your relevance

# ALIGNMENT

- Risks aren't confined to one silo
- Strategic alignment / Partnerships
- Plan, different

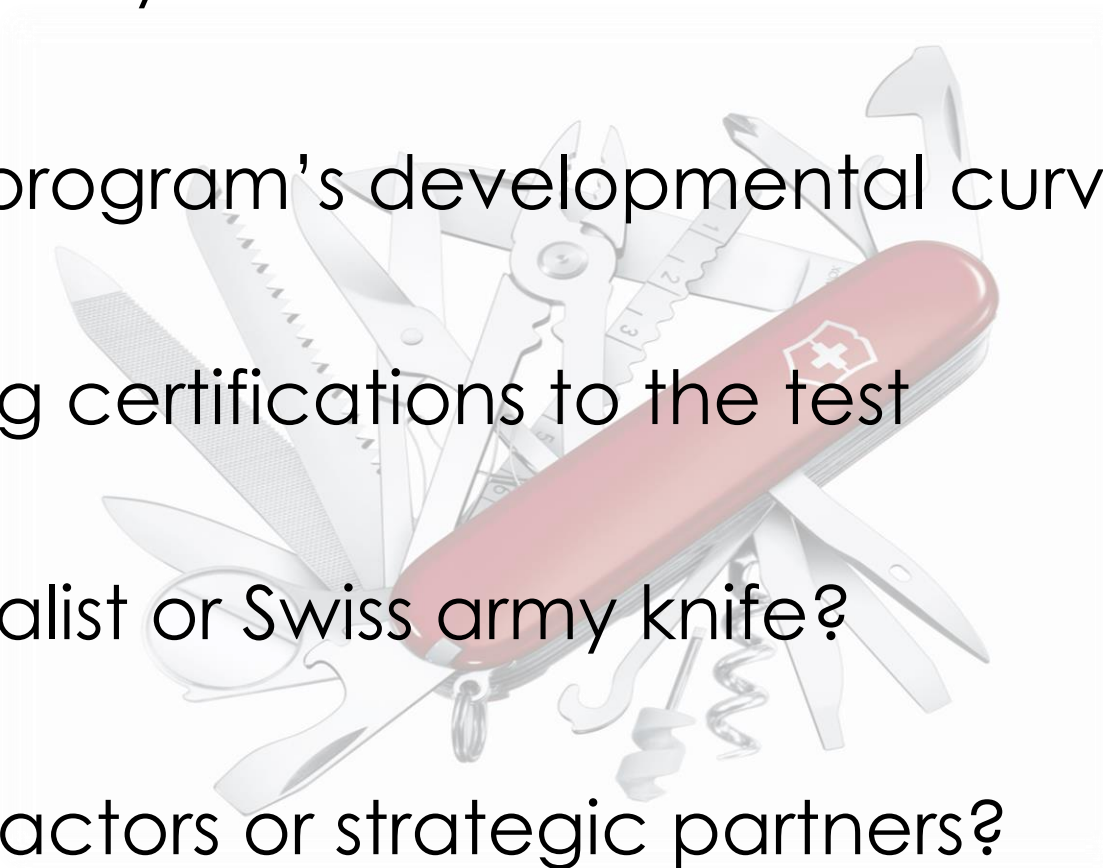

## BREAK OUT OF SILOES

- Core capability modeling
- Key strategic initiatives

The right people at the right time

**TALENT**

- What do you need?
- Your program's developmental curve
- Putting certifications to the test
- Specialist or Swiss army knife?
- Contractors or strategic partners?

Add something to the bottom line...

VALUE

- What does resiliency mean to your ELT?
- Risk Intelligence
- Optimized performance
- Cost leadership

- 
- We love metrics!
  - Transforming IT
  - Validation
  - Data analytics
  - Having a seat at the leadership table
